Christmas Decorations

It seems that everyone likes to decorate before Christmas, the biggest Holiday of the year. People hang myriads of lights around the outside of their house and yard. Inside the house, they put up a beautiful green tree and decorate it with all kinds of ornaments, icicles, lights and in the old days they made popcorn strings as garlands. In the very early days, they put candles on the branches. In my young days in McGill, we used different colored light. Today they have strings of tiny LED lights that blink and blink.

Most people don't know that within the boundaries of the metropolis of McGill there are two smaller communities that decorate lavishly for Christmas. They are a must see.

One of them is Marlenesville. The mayor, Marlene and the Local Director of Parks, Miss Lily, did a tremendous job of recreating a Christmas scene. Here are some photos.

Marlenesville is located inside the McGill Antique Store. If you are looking for that unique, one of a kind special gift for someone, then stop by McGill Antiques.

One of the other local communities is Trini Town. It is perched on the slopes of Ladder Mountain. The Christmas décor was expertly done by Michille and the local Christmas consultant, Miss Lilly.

Trini Town's Mayor, Trini invites everyone to stop in and get some Christmas goodies and be sure to check out Chad's famous meat counter for your Christmas hams and choice cut Prime Rib.

They have done a great job in decorating and helping to brighten up the old town of McGill, so let the rest of us spend some time and liven up the place with some beautiful decorations.
